# PRESENTATION LETTER

Dear Recruiter,

I am writing to express my interest in the Software Developer position available at your company. As a Technical Systems Developer with 5 years of experience (since 2020), I have honed my skills in various languages and tools to create and implement software applications. I am eager to apply my professional and technical expertise to contribute to your team.

My background in multiple fields—including law, administration, sales, caregiving, and cleaning—has equipped me with a diverse skill set that allows me to adapt quickly to new challenges. I thrive in environments that push me outside my comfort zone and foster continuous learning. This adaptability, combined with my passion for exploring new technologies, drives my career and success in any organization.

### Technical Skills:

- Web Development: HTML, CSS, JavaScript, Python, Node.js, Java, Express, PHP, C, Handlebars, Flask, Docker, MySQL, SQL Server, Prisma, SQLAlchemy, GitHub, Visual Studio Code
- App Design: Interactive and mobile apps with Android Studio using Agile development

### Soft Skills:

- Strong communication and relationship-building
- Adaptability, problem-solving, and attention to detail under pressure
- Customer service excellence, patience, empathy, and commitment to quality

I would welcome the opportunity to discuss how my qualifications align with your needs and how I can contribute to your organization. I look forward to the possibility of meeting with you.

Sincerely,

*Thays Ribeiro Maher*
